

Homework will be sent out on a Thursday to be returned the following Tuesday.

Please remember to read with your child and sign their home-school record so they can earn Reading Reward Miles.

PE: In Class 7 PE is on a Thursday. Please ensure your child's PE kit is brought in school on their first day back and remains in school until the class teacher sends it home. Please ensure earrings are removed for PE lessons or covered with plasters.

Welcome back!
Hope you've all had an amazing Easter break and the children are ready for the Summer term packed full of exciting and fun learning!
I look forward to seeing you at class 7's 'Stay and Learn'
Mrs Patel

Children read daily in school in a number of ways. It is important your child's reading book is in school along with their reading record. If your child has misplaced their book or does not have one, please let us know.

Learning Challenge:
Children are very inquisitive and like to ask a lot of questions. You can support your child by discussing what you already know and what they have learnt in school. If possible use books and the internet to support learning.

Our Summer Term Topic this half term is
Ancient Greece!

English: We will be completing another Talk for Writing unit this half term, looking at persuasive text, look out for our text maps on Facebook and help your child to learn the actions and words. We will study the texts to gain a deeper understanding and use them to inspire our English work in class including reading, writing, drama and speaking and listening. We will be using adverbials, homophones and apostrophes.

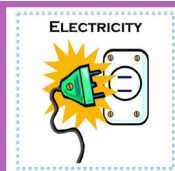

Spellings will be sent home weekly for your child to learn. The children enjoy learning their spellings in school so please continue this at home. Please can you also encourage your child to learn the common exception words for year 3 and 4 these are very important. See word list in homework books.
Please ensure your child completes at least one piece of homework from the home learning grid each week.

Maths: This half term in maths we will be learning about data handling/statistics and measures. We will also be recapping the methods for adding, subtracting, multiplying and dividing. (3-digit numbers by 1 digit numbers Y4 and 2-digit numbers by 1 digit numbers Y3).

At St James' we have high standards and expectations of school uniform, Please ensure your child wears black school shoes each day as well as the correct uniform as detailed on the school website, the same applies for PE. We feel this has a high impact on standards in school and this is why it is so important.

Science: In science this half term we will be looking at 'Electricity'. We will focus on where electricity comes from, making circuits, testing the brightness of bulbs and look at electrical appliances vs battery operated appliances. We will also learn about keeping safe around electricity!
